RE: Participation in Extracurricular Activities

Welcome to Sumter School District's extracurricular programs. As you know, two new statutes were passed and signed into law by the Governor that allow charter school, home school and governor's school students to try out for and, if selected, participate in extracurricular activities at the resident school.

Extracurricular activities in Sumter School District are defined as activities performed by students that fall outside the realm of the normal curriculum of the school or district. Such activities are generally classified as voluntary, social or athletic. Students may organize and direct these activities under faculty sponsorship. Extracurricular activities are not part of the regular school curriculum, are not graded, do not offer credit and do not take place during classroom time. Examples of extracurricular activities in Sumter School District include:

- Sports teams (all tryout dates and rules apply to ALL student participants)
- Band
- Academic quiz teams
- Choir
- Clubs (Interact, Junior Optimist Club, etc.)
- Step Team

To participate in one of these activities you will be asked to complete the application packet contained in this document – Application Form, Risk Acknowledgement Form, Athletic Drug Testing Permission Form, Physical Form. The SC High School League also requires proof of residency, a copy of the birth certificate and an official copy of your transcript or report card.

We are strong advocates of the values of extracurricular activities. It is in these vital programs that students learn lifelong lessons. These activities support the academic mission of our schools, are inherently educational and foster success.

We welcome you and wish you well. If you have questions, please feel free to contact me.
