Brief Summary of Instructional Program_____

Pocalla Springs aims for success by being a school where students are prepared to learn and ready to meet the challenges of each day. We aim to have a school where parents are actively involved and participate in their child’s education by attending workshops and special events, and by encouraging school attendance, good homework habits, and excellent behavior. We aim for a safe and supportive environment across the entire day—whether it is on the playground, on the bus, in the hallways, or in the cafeteria.

Pocalla Springs aims for success by utilizing the services of a school-wide curriculum coach to assist the principal in developing professional learning opportunities based on our population and needs. Opportunities include Standards-Based Curriculum Delivery, Multi-Tiered Systems of Support, Test Analysis, Book Studies, Understanding Poverty, and

Technology-based Learning. Our Reading Coach facilitates activities to improve instruction and to create a rich, literacy-based learning environment for students.

Pocalla Springs aims for success by contributing to and caring for the community. Service Learning initiatives include Shower Shaw with Cookies, Career Fair, and other projects to beautify the environment and raise awareness. Our philanthropic effort has been mainly geared toward the American Cancer Society and Relay for Life, but we have also made significant donations to other organizations such as March of Dimes and St. Jude’s Children Research Hospital.

Accredited by AdvancED.
